## CHILD PROTECTION

### STATEMENT OF COMMITMENT

Anglican schools support the rights of children and young people and are committed to ensure the safety, welfare and wellbeing of students. Anglican schools are therefore committed to responding to allegations of student harm resulting from the conduct or actions of any person including that of employees.

This commitment includes the provision of a safe and supportive living and learning environment for all students and requires all employees, volunteers and visitors to model and encourage behaviour that upholds the dignity and protection of students from harm.

### POLICY

Coomera Anglican College adheres to the child protection policy and procedures set by the Anglican Diocese of Brisbane - *Student Protection in Anglican Schools Policy and Procedures 2015*. The Diocesan policy applies to all employees - paid or unpaid, full time, part time, casual and volunteers - associated with the College. The *Student Protection in Anglican Schools Policy and Procedures 2015* policy document is available on the College web site and on Passmarc.

The Diocesan policy specifically applies to students under 18 years of age. It is also recognised that at times young adults (that is, persons aged over 18 but less than 25) participating in Diocesan activities may be vulnerable. Accordingly, schools must take care to promote the welfare and best interests of young adults. Reporting information or allegations of harm concerning a student within a school is mandatory. Legal and Diocesan consequences will apply to any employee or other person where such behaviours occur.

All employees of the College share in the responsibility to promote and strive to provide a safe environment for students across Anglican Schools. This responsibility is placed upon them by the Gospel teachings of Jesus and the law.

The Diocesan policy outlines the obligations, roles and responsibilities of employees (staff members), volunteers and visitors to all Anglican schools to appropriately respond to and report all allegations or suspicions of:

- sexual abuse or likely sexual abuse by another person of:
  - a) a student under 18 years attending the school;
  - b) a pre-preparatory age child registered in a pre-preparatory learning program at the school;
  - c) a person with a disability who -
    - i. under section 420(2), is being provided with special education at the school; and
    - ii. is not enrolled in the preparatory year at the school
- significant harm or unacceptable risk of significant harm of a student (child under 18 years of age) or an unborn child, after his or her birth; or
- inappropriate behaviour by an employee or volunteer towards a student.

The Diocesan policy applies to all employees and other persons, such as parents, carers, clergy, volunteers, contractors and consultants.

## RESPONSIBILITIES

All employees, volunteers and visitors of Coomera Anglican College are required to:

- ensure they are conversant and comply with child protection legislation and this Policy;
- ensure that their behaviour neither encourages nor supports behaviours in others that undermine the purpose of this Policy;
- report all allegations of sexual abuse or likely sexual abuse of a student by another person;
- report to the Student Protection Officer or Principal any information or allegation of harm that the employee is aware or reasonably suspects has been caused to a student by another person;
